

Child Protection Training Information 2021/22

Child Wellbeing & Protection in Sport Training (CWPS)

This new training resource has replaced the UK Coaching Safeguarding and Protecting Children workshop. The Child Wellbeing and Protection in Sport Training has been developed by sportscotland in partnership with Children 1st and will take a blended learning approach. This includes an online module (module 1) which is theory-based followed by a tutor-led online workshop (module 2). This is suitable for all adults involved in sports organisations that have participants under 18 years of age. It is targeted at all practitioners e.g. all coaches and volunteers working and volunteering directly with children and young people.

Module 1 - Online Study Resource

You will receive a link to access the online theory module. It will take around 45 minutes to complete and must be done in a single session. You must, where possible, complete module 1 before attending the module 2 workshop. You will receive this information in the weeks before the online workshop.

Module 2 – Tutor-Led Online Workshop

The first part of module 2 will check understanding of the information covered in module 1. You will struggle to make sense of the terminology used in module 2 if you have not completed module 1 and may therefore fail to meet the learning outcomes and could leave the course without a certificate.

Dates: Monday 13th September
Monday 22nd November

Venue: Online platform details to be shared prior to event.
